4. Dangerous or unsafe riding will result in students losing the privilege of riding their motorbike.
5. Only the owner of the motorbike is permitted to ride.
6. Students will ride motorbikes only in the designated area.

Any breach of the conditions above will result in the termination of this agreement, and impoundment of the motorcycle until it is removed from the property.

Supervision

As students are required to obtain permission from the Residential Supervisor **every** time they ride, staff will be aware of their use of the motorbike and will make periodic checks at the track. However in the interim period when staff are not in attendance, another student will always be required to be in attendance as an “observer” in case of an accident. i.e. There will **never** be only one person on the track at any time.

Parents must realize that all possible care will be taken by the staff at the College, however a vast proportion of care, common sense and responsibility is left up to the individual.
